

## Who are we?

We are an Independent Marine Inspection, Auditing, Surveying and Consulting services company who also provide maritime-related products to the Shipping, Oil and Gas industry.

Since 2014, we have been serving our clientele whom we have provided a complete spectrum of shipping services and products which are tailored to meet their specific requirements.

StarGlass prides itself on being dynamic, forward-looking and innovative.

There is great emphasis placed that the reports generated by us are of the highest quality. We believe in teamwork and have gained a good relationship with the shipping, Oil and Gas industry and ensure practical solutions to almost any problems.

## Our vision is:

That our services and products gain global recognition and respect so that we grow whilst promoting the growth of our elite customers and clients.

## Our mission is:

To provide quality services and products to the requirements of our clients and customers.  
To build partnerships with worldwide organisations.

## Our mission statement:

Global collaboration through trust, synergised with proven service, “par excellence”.

## Our Goals:

No Breaches – No Pollution – No Incidents
